MESSAGE FROM OUR MANAGER

Promoting integrity and ethical values in education is now an obligation not a choice

Our children are living in circumstances that we never imagined in our wildest dreams. We have witnessed an alarming increase in content in multi-media platforms including books for children that challenge our very definition of a family. Now, a child is being told a family doesn't necessarily mean a father, mother and children but it can be as each family defines it to be!

How can we in the education sector just watch such blatant defamation of our family structure and our religious values?

For Muslims, the responsibility is even greater since the teachings of our religion are very clear on how the family is the basic structure of our society and it must be jealously guarded.

As an Islamic educational institution, Nairobi Muslim Academy (NMA) is at the forefront of safeguarding integrity and the ethical values of our children. We intentionally ensure that the children who come to our school are nurtured in an Islamic environment, that promotes a lifestyle that is obedient to the teachings of the Holy Quran and the Sunnah of our Prophet Muhammad (peace be upon him).

We acknowledge that we have to work together with all stakeholders including parents, Islamic scholars, the government education sector regulators and policy makers to ensure that our children are exposed only to beneficial content. Any content and lifestyle that is potentially detrimental to their wellbeing and future prosperity must be called out.

We remain confident that Allah will grant us the fortitude to give our children the best education that will prepare them for success both in this life and the hereafter.

May Allah continue to grant us knowledge that is beneficial, providence that is good and deeds that are acceptable.

Jazaakumullahu Kheiran.

Mohamed Warfa Osman
School Manager

MESSAGE FROM CHIEF PRINCIPAL

**Education should not be only for education's sake.
It must promote integrity**

A story is told of two young people who went for a job interview.

The first was a top performer, very intelligent but lacked integrity. The second had average skills, with a positive ready to learn attitude and with uncompromising integrity. The second got the job.

When asked about the outcome, the interviewing panel answered, *"One can learn skills to improve their performance but an intelligent person with no integrity is a danger to themselves, the organization and the society."*

That is our call at Nairobi Muslim Academy. We nurture our students not only to be top performers in their academics but to remain uncompromising in their religious values that promote honesty, truthfulness and fairness.

The world is a dangerous place and only those well prepared will surmount the challenges ahead.

Those who stand for integrity are few in a world that has accepted unethical practices as the norm.

We assure our various partners including parents, religious leaders and education policy makers that our academic, co-curricular activities and community engagements prepare our students to face the world with honour and respect for others.

Our alumni (past students) are a shining example in their personal and professional lives and we know our efforts don't go to waste.

May Allah continue to guide us and grant us the wisdom to selflessly serve the children in our care as our contribution to a prosperous Ummah and nation at large.

Barakallahu Fiikum.

MESSAGE FROM THE HEAD TEACHER - MIDDLE SCHOOL

Assalaam Aleikum Warahmatullahi Wabarakatuhu

Another year of history making has just passed. 2022 has been a year of great consolidated efforts.

Our journey into future has been, and continues to be full of great possibilities, creativity and more commitment to service delivery. We have endeavored to radiate outwardly the impact we have, individually and collectively, proportional to what we live, breath and believe inwardly.

Our framework of interaction in the school is founded on links and activities of the school. I thank the exceptional school management, board of trustees and the administrators. Their leadership has inspired

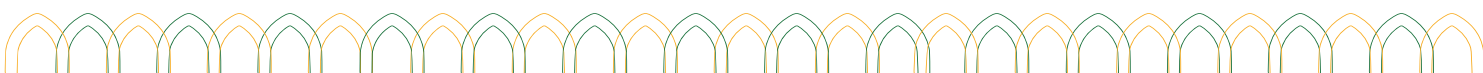

commitment and greater sense of pride in the school. In addition, we also thank our teachers who played a crucial role in preparing our students for exams and other academic activities.

We have encountered new waters in the competency-based curriculum (CBC) that have pushed us to successfully swim from the deepest waters to the shore in the Middle School. We did more research and dedicated ourselves to achieve what we have. Well, it may not be the best but we are somewhere and can feel the warmth and success of adventure and initiative.

A special aspect in our school is the way we work with each other's strengths and forgive each other's limitations. In this regard, we engage each other collectively and respectfully.

I thank parents for their unwavering support and confidence in the school. Truly, within an appreciative community, so much of common good is achievable. I salute the work and contribution done by all parents towards achieving the mission of NMA: Forge ahead in Islam and knowledge

Head Teacher Middle School

HEAD OF ISLAMIC STUDIES

Our students learn Quran, various Islamic sciences, and the Arabic language.

Since 1994, the Nairobi Muslim Academy has been educating students with a specific focus on nurturing them to have a profound love of Allah and his messenger, our master Mohammad, peace and blessing be upon him.

Our outstanding teachers and support staff are dedicated to developing and nurturing our students' faith in Allah, and preparing them to be engaged citizens, stewards of humanity and people of beautiful character. Our students learn Quran, various Islamic sciences, and the Arabic language. They attend the daily Dhuhr prayer and Jumu'ah on Fridays, and have countless opportunities to serve the Muslim community.

At Nairobi Muslim Academy, we believe that service is an essential quality of a believer and we strive to raise students that find fulfillment in serving others.

In our school we also have Tahfidhul Quran department which was initiated on 1st January 2022 due to the raised demand for a Quran department which will produce learners who have memorized the whole Quran. The department consists of different levels and programs. We have pre-writing level (age 5- age 6) which will teach the child pencil gripping and learning how to write Arabic letters. Followed by, Farbar level 1 and 2 (Kitaba & Qiraah) where we teach the children how to write and read Arabic. The duration set for this level is 5 months. Thereafter, the child will go to Quran levels depending their gender and age.

The Quran completion plan for full-time students is planned to be 30 Academic months (3 years) while Quran completion plan for evening and/or part-time students is planned to be 4 years. Thereafter the students receive the Quran memorization certificate and Ijaza to all legible students. Additionally, we teach Islamic studies as Hadith, Seerah, Practical Tajwid, Tarbiya, Fiqhi, Qisas, and other relevant subjects.

Our aim is to produce memorizers of Quran and instill the love for the Quran in their hearts.

(قال رسول الله صلى الله عليه وسلم: إن الله يحب إذا عمل أحدكم عملا أن يتفنه)

(Indeed, Allah loves that when one of you does a job, he should do it well).

IRE DEPARTMENT

Knowledge gaining and application is a fundamental necessity for all Muslims to qualify them to believe according to the ideologies of the religion. Islam ordered that acquisition and dissemination of knowledge is obligatory (fardh) upon its believers, irrespective of gender. The aim of education in Islam is to produce a decent human being who is equipped to deliver his/her duties as a servant of Allah and his vicegerent (Khalifa) on earth.
